

# Erin Core, RN, MPH, BSN, PHN

Registered Nurse

---

## PROFILE

Erin Core is an accomplished registered nurse certified in transplant care, an educational background consisting of a BSN (with high honors), PHN certificate and MPH (with distinction) from CSUN with current enrollment at University of Colorado completion a Doctor of Nursing Practice (DNP) in Community & Behavioral Health (anticipated graduation of 5/2026). Highly skilled in solid organ transplant, end organ disease management, transplant related research and end-of-life care. Knowledgeable in operational planning, implementation and program evaluation. Efficient working in data-driven problem-solving and collaborative stakeholder management. Proven ability to guide teams and contribute effectively as a team member. Experienced with vulnerable populations in both inpatient and outpatient settings from health promotion through end-stage organ disease. Seeking new and exciting opportunity to build on the current professional and educational experiences with areas for growth and development.
